

HPP EMPLOYEES MULTIPURPOSE COOPERATIVE  
An IT/BPO Employees Cooperative.

A Decade of Service. A Decade of Cooperation.  
**10 Years**

*Dahil sa Coop, RAYA MO NA!*

# Who We Are

The HPP Employees Multipurpose Cooperative is a cooperative of IT/BPO employees in the Philippines. It was founded in 2014 by 20 Hewlett-Packard employees but has since grown to more than 1,800 members across dozens of IT/BPO companies nationwide.

As a multipurpose cooperative, HPPEMC offers various financial and non-financial products and services within and outside of the Cooperative such as savings and loans, catering services, office supplies, corporate giveaways, residential and office renovation, construction, and others.

## What is a Cooperative?

A cooperative is similar to a corporation. But instead of being registered with the Securities and Exchange Commission, cooperatives are registered with the Cooperative Development Authority of the Philippines. For all intents and purposes, a cooperative is a business enterprise. But a business enterprise that is owned and operated directly by its members.

Loans Released

**₱300M**

\* As of November 2023

# Products and Services

## Loan Products

The primary purpose of HPPEMC is to provide credit facilities to help members in their financial needs ranging from Petty Cash Loan, to Emergency Loan, to Education Loan, to Hospitalization Loan, up to Real Estate Loan.

## Savings Deposit

To promote thrift among members, HPPEMC offers deposit products with interest rates higher than most commercial banks. Often called “forced savings”, HPPEMC Savings Deposit is a monthly amount specified by members and which the HPPEMC automatically deducts from members’ payroll account on a monthly basis. This teaches members to “save first and spend later”.

## HPP Vacation Homes

Currently location in Tagaytay and Baguio, the HPP Vacation Homes are for members’ exclusive use and for them to enjoy and have a break with their family and friends.

## HPP HMO Plan

Providing peace of mind, the cooperative way. The HPP HMO Plan is HPPEMC’s affordable HMO product from the Cooperative Health Management Federation. This benefit can be extended to members’ family to give them peace of mind given that family members are not normally included in the company-provided HMO Plan.

## HPP Life Plan

One of the most avoided, if not neglected, topics in life is the eventual loss of a loved one. But when it happens, things immediately turn into confusion. Luckily, HPPEMC has a number of St. Peter Life Plans that can help members immediately prepare for their loved ones’ final resting place.

# Other Businesses

## HPP Café

HPP Café is HPPEMC’s food catering business. This is to address the catering needs of both members and non-members for their meetings, seminars, townhalls, or even personal occasions like birthdays and weddings.

## Corporate Giveaways

From pens to umbrellas to tshirts to jackets, we can customize for our clients. Our selection of suppliers from both local and abroad ensures we provide only the most competitive pricing in our portfolio.

## Construction

Our team of engineers and architects are ready to handle any renovation and construction work. Our members can take advantage of this team in tandem with our Real Estate Loan product.
